Packing List:

Please refer to documents provided in the boxes.

Assembly & Maintenance

1. Place the parts on a soft surface to avoid scratches and damage.
2. Loosely tighten bolts as you assemble. After the greenhouse is built, and still loosely connected, tighten all bolts completely.

3. Keep the roof and gutters clear of snow, dirt and leaves in order to avoid damage to the product.
4. Clean the product with a mild soap and rinse with cold, clean water.
5. Do not use acetone, abrasive cleaners, or other special detergents to clean the product.

For PC Panels

6. Remove the clear film prior to assembly. The white film indicates the UV-Protected side of the panels. Peel back the white film to expose only the edges (until the panels are in place) to ensure that the UV-Protected side is facing outwards in final assembly.

7. Cover the two cut edges of the PC panels with the provided tape before installation to seal the channels & prevent moisture from getting trapped inside.

For Glass Panels

8. Use a glass suction tool (not included) for easier and safer installation of glass panels. Ensure all surfaces are clean, dry, and free from oil or dirt before use. Refer to your tool's manual for detailed instructions.

9. After the glass panels are positioned, use the provided roller tool to press the sealing strip into the gap between the glass and the frame, ensuring it is firmly secured.

Foundation Assembly

STEP 01

Choose a hard, clean, level surface to position your greenhouse. If the selected area is not level, clear and level it before beginning.

● Option 1: Solid foundation

Preferred

● Option 2: Solid frame

Preferred

● Option 3: Firm ground / grass

Possible

The size of the greenhouse displayed is for illustrative purposes only and may not reflect the size of your greenhouse.

STEP
03

Slide the heads of S03A (x29) bolts in the grooves of the frame, on the inside and outside, as shown below. These will hold the outside connectors and anchor brackets.

STEP
04

Assemble 5 sets of Z1 and 4 sets of Z2 connection plates by loosely installing the bolts and cap nuts.

Z1 X 5

Z2 X 4

STEP
05

Slide Z1 & Z2 in the grooves of foundation pieces to connect each section and tighten the bolts until the frame is flush and square.

STEP
06

Connect the 4 corners with D366 L brackets using the previously installed S03A bolts. Secure with cap nuts.

STEP
07

Lay out the base frame pieces as shown in the diagram, noting that there are two types of corner pieces.

STEP
08

Mark 21 anchor holes on ground per the template below.

STEP
09

When connecting the base frame to the foundation frame, connect D75 and D76 brackets using the previously installed bolts and secure with cap nuts. Slide the assembled brackets over the marked anchor holes.

a. For wood surfaces, use Z13A wood screws and H79 washers to affix the base through the D75 bracket.

b. For cement surfaces, drill holes at a 2" depth with a hammer drill and 25/64" drill bit. Insert S08 expansion bolts the holes, and attach D75 bracket using the included nuts.

c. For bare ground installation, purchase heavy duty landscape stakes at least 12" long with a diameter of $\leq 3/8"$. Drive the stakes through the brackets and into the soil.

Wall Assembly

STEP 01

Assemble vertical frames as shown. Loosely attach all bolts and nuts. Do not tighten until the entire wall frame is completely assembled.

For PC panels

Remove the clear film prior to assembly. The white film indicates the UV-Protected side of the panels. Peel back the white film to expose only the edges (until the panels are in place) to ensure that the UV-Protected side is facing outwards in final assembly.

Cover the two cut edges of the PC panels with the provided tape before installation to seal the channels & prevent moisture from getting trapped inside.

For Glass panels

- H158/H159 Tape is not required.
- Handle with care to avoid breakage.
- Watch out for sharp corners and edges.
- Use glass suction cups (not provided) for safe handling.
- Do not apply excessive force or strike the glass during installation.
